

The Giesler Gazette

What We Are Learning

MATH We are continuing to learn various strategies that we can use to add numbers up to 100.

READING This week we are learning about nonfiction text features that will help us understand a nonfiction text.

WRITING We are working on using research to create an informational writing, and will begin to write how-to writings as well.

SOCIAL STUDIES We will be spending the next few weeks discussing important people in the settling of Georgia, including James Oglethorpe, Tomochichi, and Mary Musgrove.

Upcoming Events!

11/2 Canned Food Drive Begins

11/5 Science Night 6:00pm

11/6 In-School Field Trip (Creek Indians)

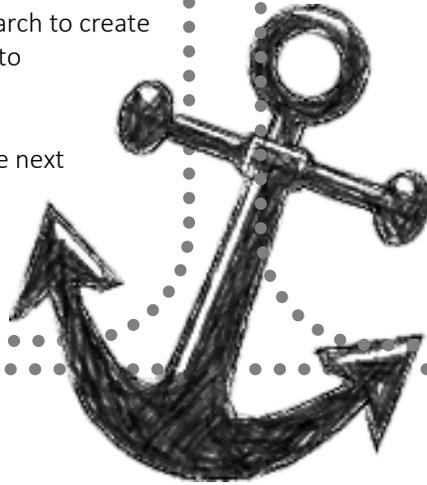

11/10 Yankee Candle Fundraiser Ends

11/16 Book Fair Week

11/17 Grandparents Luncheon A-L

11/18 Grandparents Luncheon M-Z

11/23 Thanksgiving Break

Reminders

Homework: As you may have noticed, your child's homework has changed slightly. As we move on to more challenging concepts in math, we will be adding math problems twice a week for added practice. Please encourage your child to use the strategies that we have been learning in class! (For more information on these strategies, please refer to the math strategy handout that was sent home in the packet from conference week). Please let me know if you have any questions!

Extra candy: If anyone would like to donate extra Halloween candy that you want to get off your hands, we would be happy to take it for our candy jar!

Canned Food Drive: Acworth Intermediate will be partnering with Alive Ministries to help provide food and toiletries to students & families in need during the upcoming holidays. Each homeroom class is asked to collect toiletry items, can food or boxes of food beginning November 2nd to November 16th. All of the items collected will be donated to the Save it Forward Pantry.
